Dear Mr. Fyock:

Re: Approval of a Permit Revision to the Approved Mining and
Reclamation Plan, Vernal Phosphate Operations, ACT/047/007,
Uintah County, Utah

The Board of Oil, Gas and Mining, at its September 27, 1984 meeting, approved the form and amount of surety for the proposed revision to the Approved Mining Reclamation Plan dated August 10, 1984.

This letter constitutes approval of said revision with the following stipulation, as per the Division review letter of August 30, 1984:

Stipulation M-10-1-PGL

The reclamation of the tunnel must be approved separately when submitted. Plans addressing the road crossing and tunnel must be submitted and approved at least two (2) weeks prior to the initiation of construction.

Thank you for your continued cooperation. Should you have any questions please call me or Tom Portle of the technical staff.

Sincerely,
